Teaching & Learning Fair - Case Studies (College Sport)
Teaching & Learning Fair Presentation
Abstract 2017-133

Friday, June 2, 2017
10:15 AM
Room: Sopris

As more deductive reasoners, sport management students learn best through examples and applications. For debates, the format and evaluation in a graduate sport ethics course will be presented. For case studies, the design and assessments during class discussions and for written assignments in a sport leadership course will be shared.
