Teaching & Learning Fair Presentation  
Abstract 2017-135  
Friday, June 2, 2017  
10:15 AM  
Room: Sopris

Sport management students in research courses often have apprehensions about the research process and how research might apply to their work in sport. This presentation will provide details of a comprehensive case study project that emphasizes the application of research, rather than the process of research. Examples will be provided.
