Teaching & Learning Fair - Experiential/Service Learning (Other)  Friday, June 2, 2017  1:50 PM
Teaching & Learning Fair Presentation
Abstract 2017-223  Room: Sopris

This display describes enhancing student learning through implementing multiple intelligences, which holds that the human mind is composed of eight intelligences. The importance of accommodating various learning styles will be outlined. Recommendations for creating assignments and appropriate assessments that utilize multiple intelligences will be provided in a handout.
