Abstract 2017-390

Saturday, June 3, 2017 1:55 PM
Room: Sopris

This demonstration provides an overview of psychophysiological laboratory experiments in sport consumer research. Attendees will receive information and a handout regarding how students can learn about psychophysiology, utilize it sport consumer research, and have laboratory experiences including data collection and analysis of related measurements (e.g., ECG, EDA, EMG, EEG).
