Teaching & Learning Fair - Case Studies (Professional Sport)  
Teaching & Learning Fair Presentation  
Abstract 2019-310  
Saturday, June 1, 2019  
9:20 AM  
Room: Borgne

This presentation describes the use of an interactive five week case study that simulates the front office management of an NBA franchise. Students are tasked with President and GM duties including organizational strategy and player rosters, and entry level and mid-management tasks such as social media and public relations management.
